SERVICE PROJECT IDEAS #1

How can we serve God? One way we can serve God is by helping other people. When we help other people, we do not ask for them to give us anything in return for what we do. That way our real reward will come from God. Here is a list of ideas of ways you can serve God by helping other people. How many of these things can you do?

PARENTS:

Go through this list with your child. Encourage him or her to do things from this list and also to think of his or her own ways to serve God by helping other people. Talk about things that both of you can do together to help someone.
